EDUCATIONAL OBJECTIVES

This workshop has been designed to provide prospective cosmetic surgeons with a comprehensive overview of the surgical anatomy and rejuvenation techniques of the breasts and body. More experienced surgeons will have the opportunity to enhance their skills while novice surgeons and residents will acquire the basic knowledge and skills needed for these rejuvenation and enhancing techniques with emphasis on safety for the following procedures:

- Liposuction
- Abdominoplasty
- Breast Augmentation
- Breast Lift

The objectives will be met in part by performing the procedures on specially prepared patients.
